Thanks Eric. There is an error on the notification form regarding the location of the plant. It's listed as 1005 W. McKinley Ave, which is the IDEQ Project Office. The CTP is located at 35 Wildcat Way. You may wish to notify Brahma of that error.

Thanks for the heads up Rod. I am not aware of any payment issues and have inquired with our subcontracts group to see if there have been any inquiries/issues.

For the bond notice that Ed received, there are no payment issues. That was simply a notification to EPA.

Eric

Thanks Eric. The lady Friday used the word "lien" and said she was representing a subcontractor and asked what our role was in payment to subcontractors. She alluded to an issue of "nonpayment" but I didn't want to get into a lot of detail with her discussing the Govt's role in that given that I really didn't know who she was or who she represented. It sounds from your email below that there aren't actually any subcontractor nonpayment issues associated with this?

Thanks,
Rod Zion

Rod - I dropped my phone a little while ago and phone/voicemail has been out of commission all day. I'm back up and running again though.

The bond notice is from a second tier sub - a sub to Wesco who is installing the TTS equipment. The notice is just that the bond period has started. I've asked our subcontracts staff to let our subs know that this information should be passed directly to us and not to USACE or EPA.

No action is required by USACE or EPA.

Eric
